

Announcement to the professors and masters' students of the Faculty of Land Management!

Announcement to the professors and masters' students of the Faculty of Land Management!

A long-term partnership has been established with the University of Castile La Mancha (Spain) and National Research University "TIIAME". As part of the Erasmus + program, the University of Castilla La Mancha in Spain has announced a competition for a one-week fellowship for teachers and a four-month master's program study for a student of TIIAME. This training and study will be organized in September-January 2022 or February-May 2023.

Here are the requirements for teachers:

- Certificate of English language proficiency B2 and higher;
- Motivational application justifying the training program;

The contribution to the university in the national and international rankings is also taken into account.

Here are the requirements for a master's degree students:

- Certificate of English language proficiency B2 and higher;
- Good academic performance;
- Motivation letter.

All documents are required to send to international@tiiame.uz by 5 pm on February 28, 2022. Candidates who have passed to the next stage will be contacted via email and invited for an interview.
