Moscow State Technical University of Motor Roads has announced an international intellectual competition for citizens of CIS countries. The winners of the competition will have the opportunity to study at this foreign university on a grant basis at different stages (bachelor's, master's, postgraduate).

Participants must register on the website grant.madi.ru until January 17 of this year (for masters - until January 28). The online exam will be held on January 29.

You can get the necessary information on the website grant.madi.ru.
