# Program of educational grants at universities by the People's Republic of China.

Obtained from the Project Management Agency of the Republic of Uzbekistan according to the Ministry of Commerce of the PRC in 2022.

Announced a program of educational grants at universities by the People's Republic of China. Universities offer 37 master's and 1 doctoral programs.

Most training programs have work experience (usually at least 3 years) for applicants.

Please circulate this grant program among young university professors, teachers, university administration staff and those who correspond to the fields of education and students in their field.

FYI: Candidates can submit their application online and complete it themselves by May 4th. Previously successful (PRC) grant applicants do not need to reapply.
